

## Tis the Season: Rodents, Insects, and Vermin

Tuesday, June 11, 2024

9:00 a.m.- 12:00 p.m.

Virtual training

Must remain on camera at all times on a separate device to receive credit(no groups without prior permission)

[Register here](#)

Participation in this seminar qualifies the MIIA member for .5% MIIA Rewards credit under the Workers Compensation Category

Rodents, insects, and vermin can spread illnesses and diseases to workers and cause damage to property. In this session, we will discuss various policies, procedures and practices needed to prevent these hazardous exposures at work. Emphasis will be placed on the anticipation, prevention, recognition, and control of vermin such as: ticks, bees, mosquitoes, spiders, and rats.

### TOPICS OF DISCUSSION

- Terminology
- Rodents, Insects, and Vermin
- Authorities Having Jurisdiction (AH)
- OSHA Regulations and DLS Enforcement
- Managing Your Safety and Health
- Roles and Responsibilities
